

Business Façade Improvement Grant Program GRANT APPLICATION FORM

Please include with your completed application form the following information, documents and materials:

1. Architectural rendering(s) of the project, including a list of material types and any images of design features that will be prominent in the project
2. "Before" photographs (high-resolution)
3. Design boards, paint chips and other sample materials
4. Contractor Bid estimates and copies of invoices for the design work (i.e. architectural renderings) from 3 companies.
5. Financial statement proving the source for match funding
6. Background information on the building's location, age and prior use(s), current and proposed use(s), and historic photographs if available

Completed application and attached documents are due back to the SDA by February 29, 2024:
